Puppy Information

Name of Sire and Dam:

Is this the first breeding between the sire and dam?

If not, have there been deaths of puppies resulting from previous breedings between these 2 dogs?

Date of birth of submitted puppy

Age of submitted puppy

Method of delivery (natural vs C-section)?

Were there complications during the delivery of the litter?

How many puppies in litter?

Is this the only death in the litter?

Was the submitted puppy seen by a veterinarian prior to its death?

Has the puppy been treated with any medications or other substances prior to death?
If so, what medications did it receive?
